

We are very sad to report the death last week of Dr Tim Elson on Saturday 6<sup>th</sup> January 2018. Tim was one of our founders and a Trustee of FORCE since 2003.

Tim made a unique contribution to FORCE through his engagement with virtually every one of over 100 volunteer days, working through the day and organising equipment pick up and return to Twickenham Rifle Club – where he was also a pivotal figure. Tim's quiet authority and wisdom were a constant source of support to other Trustees as were his considerable practical and technical skills – not least in the development and maintenance of our new website.

Tim was a good and loyal friend to us all – he was much loved and respected and he will be greatly missed.

**Trustees of FORCE**
