

Volunteer Sundays 2017-2018

Volunteer Sundays 2017-2018

A big thank you to everybody that came along to one of our Volunteer Sundays.

Our schedule included 9 events, although one was severely curtailed by snow, which was quite a rarity. Some of the numerical highlights of the season were:

- Most hours worked – 1001 (previous recent 752) and volunteers attending - 237 (195)
- Single highest attendance at Donkey Wood (a new location for us) in May - 41 Volunteers.

It was good to see a significant number of DoE students and their parents throughout the season. We also had good support from The Conservation Volunteers Green Gyms and London Boroughs of Hounslow (Iampton360) and Richmond.

In recent years we have promoted our events on social media and we feel this is helping to engage with a broader audience. If anybody has any comments or suggestions to make about our Volunteer Sundays please contact martin.ogara@force.org.uk.

Next season starts on 14th October 2018. Please check for further details as we finalise our schedule.
